

Village of Plainfield

Greetings from the Village President

As I sat down to write this article, the ground is bare unlike last year with a lot of snow on the ground. Winter always seems to last for some time, we sure are glad to be able to enjoy the nice weather early this year. With all the nice weather, it's nice to see people working in their yards again. Also more people will be out walking, so please drive carefully and watch out for the children who will be out and about.

The Village has created its first TIF District in anticipation of getting more businesses in the village. Thank you to everyone who has helped get this project completed.

Wishing everyone a safe and happy spring,

John L. Zouski
Village President

From the Police Department.....

Sex Offender Information

Community Notification

The Plainfield Department releases the following information pursuant to Wisconsin State Statute 301.46(2m) which authorizes law enforcement agencies to inform the public of a sex offender's release in order to enhance public safety, awareness, and protection.

Community Notification is a written notification process whereby law enforcement officials can share detailed offender information, provided by the Department of Corrections, with the community.

The overall purpose of Community Notification is to highlight those cases that may pose a significant risk to the community in an effort to provide more detailed information regarding

the offender, his/her offense pattern, and specialized rules of supervision, as well as to provide a means to initiate limited or expanded community notification.

Not all sex offenders released in our community will be classified under the Sex Offender Community Notification.

The individuals who appear in this notification have been convicted of a sex offense, have served the required sentence, and have been released from prison. These individuals may or may not be under supervision from the Department of Corrections. Because of their past criminal history, they have been placed in a classification level which raises concerns.

Sex Offenders in Our Community

For further information, please visit the Department of Corrections [Sex Offender Registry website](http://offender.doc.state.wi.us/public/) at <http://offender.doc.state.wi.us/public/> the registry includes offender address, picture, and sexual offense information.

Citizen abuse of this information to threaten, intimidate, or harass registered sex offenders is illegal and violators will be prosecuted.

Plainfield Library News

Spring is here!! Stop in and browse our collection of books that are relating to the following topics; gardening, landscaping, flower beds, ornamental grasses, garden crafts, color ideas for painting & wallpapering.

National Library Week will be April 12 through Saturday the 18th. On Monday we will start the Guessing Game for Kids and Adults. Stop in any time that week and see what you could win if you make your best guess. But you can't go over! On Wednesday, April 15 from 6:30 to 7:30 at the Plainfield Library, **Preserving the Fruits of Your Harvest by Mary Schilling, Family Living Educator UW Extension Waushara County.** Customer Appreciation Day will be Friday, April 17th from 10:00 to 5:00. This is our way of saying **Thank You** for using the Plainfield Library. We will have some make and take projects for the kids.

Please check out our website at www.plainfieldlibrary.org

Coming events will always be on our web page or the web calendar.

A big thank you to everyone for supporting the library!!

Linda Helmrick/Director

Preserving the Fruits of Your Harvest

Wednesday, April 15

From 6:30-7:30 p.m. at Plainfield Library

With Mary Schilling, Family Living Educator

Soon you will plant your gardens; it's not too early to think ahead to how you are going to preserve the fruits of your labor! Are you thinking about canning or freezing food? Whether you are a long-time food preserver, unpacking the canner that's been stored for too many years, or just thinking about food preservation for the first time, this class is for you!

Whether you are drying foods at home, freezing delicious meals for you and your family, or trying pressure canning for the first time, you will learn something new in this session like tips

for what to buy, and how to use up-to-date research-based recipes that are tested and approved. Information will include which method, boiling water canning or pressure canning, to use safely for what food. If you have a gauge pressure canner, bring the lid to the class to be tested.

And bring a friend or family member, too!

Your County Extension office is the place to turn to for up-to-date information. See the website at <http://www.uwex.edu/Waushara> or contact Mary Ann Schilling, Family Living Educator, at 920-787-0416 or maryann.schilling@ces.uwex.edu for more information on Food Preservation.
